

ORDINANCE NO. 96.8

VILLAGE OF ALMONT

ORDINANCE NO.

161

An ordinance to amend Ordinance No. 96 and Ordinance No. 121 to delete the tapping fees, inspection fees, and service connection fees set forth in the Ordinance and to provide that all tapping fees, inspections fees, and service connection fees shall be established by resolution of the Village Council.

The Village of Almont ordains:

Section 7 of Ordinance No. 96, as amended by Ordinance No. 121, is hereby amended to read as follows:

7. FEES; TAPPING; SERVICE CONNECTION; INSPECTION.

Upon filing an application for a permit to connect to any main or distribution pipe of the water system, there shall be paid the following fees as prescribed and regulated by the Village Council and set forth by resolution.

A. TAPPING FEES. A fee shall be paid to the village for tapping the water main, installing the corporation stop, furnishing and laying service lines from the main to the property line, installing the tap corporation, and installing the shut-off box and meter. The fee for this service shall be established from time to time by resolution of the Village Council. The owner shall have the option of providing the necessary labor and materials at his own expense rather than paying the tapping fee to the village. All materials installed to accomplish the tapping of the main shall be the property of the village.

B. INSPECTION FEES. A fee, as established by the Village Council from time to time by resolution, shall be paid to the village for the cost of inspecting any water connections which are installed by the owner rather than by village employees.

C. SERVICE CONNECTION FEES. An additional fee, known as a service connection fee, shall be paid to the village for the right to connect to the village water system. The amount of the service connection fee shall be established from time to time by resolution of the Village Council.

The undersigned President and Clerk of the Village of Almont hereby certify that this ordinance amendment was duly adopted by the Almont Village Council at a meeting held on the 15th day of August, 1995 and was published in the Tri-City Times on the 23rd day of August, 1995. This Ordinance was made effective twenty days after its date of publication.
